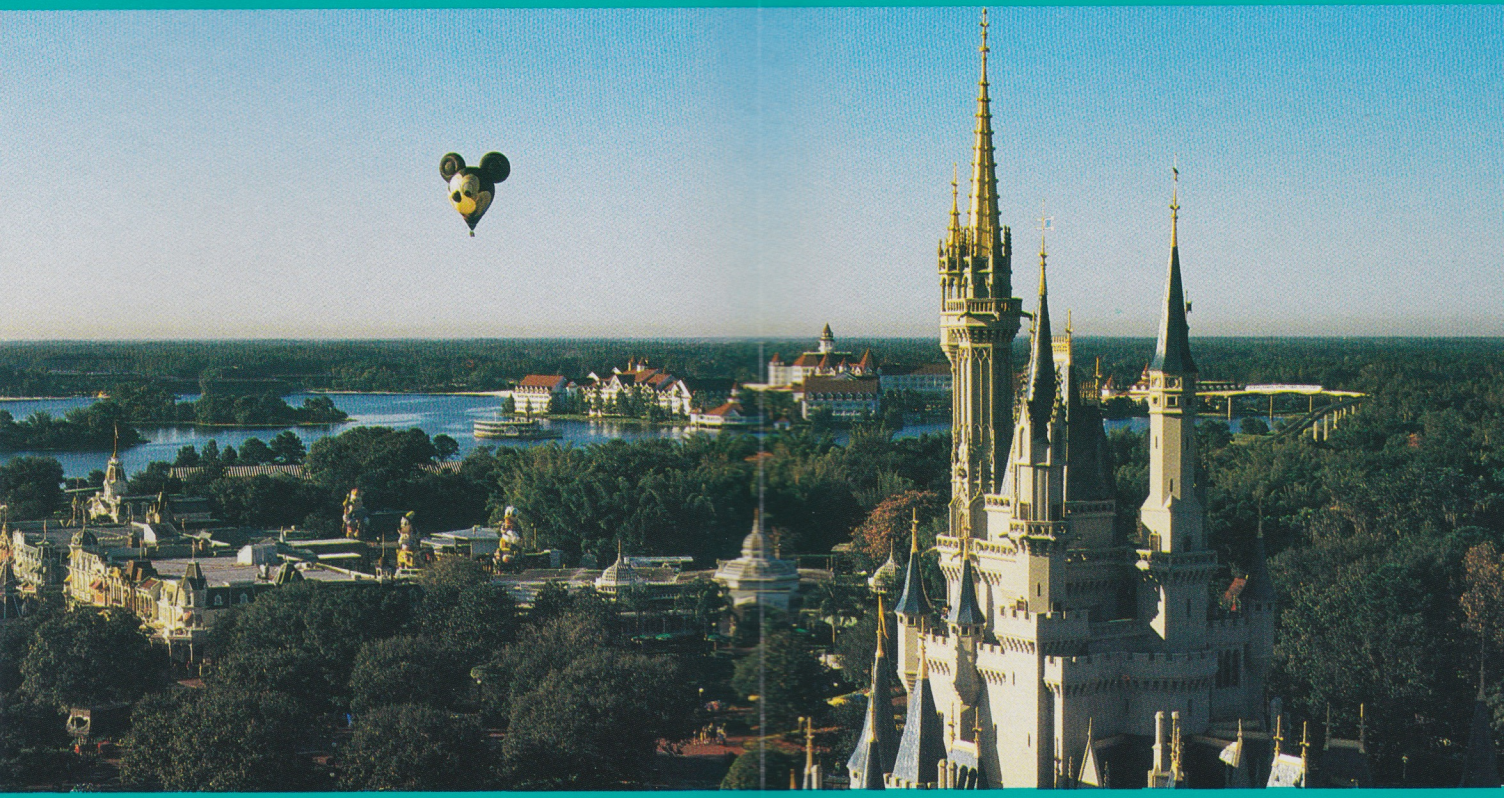
Enjoy 43 square miles of vacation excitement



It makes no difference whether this is your first or your hundredth Disney visit, you're in for the time of your life. The Walt Disney World Resort is 43 square miles of all the things that make vacation dreams come true, including three major theme parks surrounded by an incredible World of other parks, entertainment and recreation options.

At Epcot '94, you can travel through eleven nations in one day, sampling the world's greatest cultures and cuisines as you go. The next day, you can marvel at the past, present and future as only Disney could imagine and create. At the **Disney-MGM Studios** you can spend the ultimate day at the movies enjoying everything from seeing films in the making, to starring in classic scenes from television, to being dropped 13 stories down an elevator shaft on the new *Twilight Zone Tower of Terror*™. And, of course, you'll want to take in all seven storybook lands of fantasy and fun in the **Magic Kingdom.**

The fun extends beyond that through two spectacular water parks, **Typhoon Lagoon** and **River Country**, to **Discovery Island** filled with rare and exotic species, and on to the most incredible island of nighttime fun you've ever seen, **Pleasure Island.**

See it All and Save! The best way to enjoy it all is with a Multi-Day pass. Disney's 4- and 5-day park passes are your absolute best value. You can see it all your way and save.

Epcot '94 is one giant size world's fair of the future

This is the biggest of all Walt Disney World theme parks and right now there's more than ever to see and do.

Step into Future World. You'll go on journeys through time, from the accomplishments of the past to the wonders of tomorrow. Travel from the stone age of communication to a satellite's view of earth. Ride on sunshine to another eon, when dinosaurs roamed the earth, and on to a shuttle launch and a new age of energy. Descend fathoms under the sea searching through the unfathomable mysteries of the deep. And see, touch and feel the products that will soon be a part of the way we live, work and play at the new Innoventions (open summer, 1994).

Situated around a lagoon, World Showcase is perfect for travelers or anyone ready for new encounters. Travel eleven nations, each magnificently framed in its own landscape, where you can taste different cultures through architecture, entertainment, and cuisine. Journey through poetic mountains in China. Balloon over France. Wander through a British village and a Moroccan Casbah. Even journey around the world with Barbie™ in a brand new stage show. Incredible? Yes. And possible only at Epcot '94. Enough excitement to fill two days of your vacation. See it all with a Multi-Day pass!

There's only one magical experience that counts at the Magic Kingdom. Yours!

Begin with a breathtaking trip down Splash Mountain, the newest, wettest ride in the Magic Kingdom. A few steps away is another mountain of fun, where a runaway mine train takes you sailing over peaks and through them! There are over 45 attractions in the seven lands of this Kingdom, and that is definitely not a small, small world. You can cruise through a jungle and travel with pirates of the Caribbean. You're never too old to feel a shiver of fright at The Haunted Mansion, or a tingle of pride at The Hall of Presidents. You can experience the adventures of Snow White and Peter Pan. And no matter who's sharing this vacation with you, the experiences are very personal. It's your stomach that flips as you ricochet through Space Mountain. Your shoulders that receive a hug from a favorite Disney Character. Your childhood that is rediscovered. Make your wish today – for an extra day at the Magic Kingdom. Buying a Multi-Day pass can make it happen.
